Greetings:

I am seeking an industrial attachment opportunity in an exciting and inspiring technological practice. I also wish for this opportunity to further my future career as a full-time Web developer and designer.

I am on my final steps to finishing my Diploma in Business Information Technology, Jomo Kenyatta University of Agriculture and Technology and I would like to take an attachment at your facility. I would like get exposure to real projects and challenges in a vibrant environment and gain real world experience. This will also help me get well prepared for my degree course at the University. I shall be available full time for the next three months.

I would welcome the opportunity to further discuss my skills and also aid in terms of digital marketing of the company with my background as an intermediate web developer. I think I am the right material for a young developer and designer that is suitable for an attachment at the company. Attached you shall find a CV that says more about me.

If you have questions or would like to schedule an interview, please contact me by phone or by e-mail. I have several repositories in my Github, link in my CV for your review. I look forward to hearing from you.

Sincerely,

Isaac Mobe
